* New Training Opportunity! * Housing Advocates Training Plus (HAT+) will be held on May 6th in Washtenaw County. You must have previously attended HAT to register for HAT+. Registration materials will be available in March. Call or email for more information.

Housing Advocates Training. We will cover everything from **illegal evictions** to **discrimination** to questions about **subsidized housing**. H.A.T. is designed for housing advocates from local community organizations (clients/consumers also welcome). The Fair Housing Center, Legal Services of South Central Michigan, and the Michigan Poverty Law Program will provide a participatory workshop for people with varying levels of knowledge and experience.

Welfare Policy Seminar. An attorney from the Michigan Poverty Law Program will focus on the Department of Human Services' most popular programs, including cash assistance, food assistance, state disability assistance, and Medicaid. There will also be a brief overview of Social Security programs, including SSI, RSDI, and Medicare.
